### OLD BUSINESS

None at this time

### NEW BUSINESS

- The Village will be retaining both domain names (villageofbentleyville.com and villageofbentleyville.org), due to the method used to establish the website.
- The Committee was informed of the proposed costs for redesigning the website. The County would charge \$5,000 - \$8,000 to accomplish the redesign. It was decided that the cost is more than the Village wants to spend at this time. We recommended that Mike Maimone be contacted to request his assistance in improving the website.
