Contractor's Signature

Contractor's Printed Name

LOCATION AND SOUND REQUIREMENTS (Per Chapter 1460 of the Village Codified Ordinances):

1. Generators shall be installed on the ground in the rear or side yard of the parcel
2. Generators shall be installed a maximum of 6 feet from the side of the dwelling structure, measured from the structure to the closest side of the generator enclosure.
3. Generators shall be screened with year round plantings that are at least as high as the generator
4. Sound levels shall be a maximum of 70 dB measured to the nearest property line under load
5. Exhaust shall be towards the interior of the lot

APPLICATION REQUIREMENTS – Submit the following information with this application:

1. Location of the generator, include measurements to property lines, locations of any windows, vents, air intakes, etc. A survey may be required. A map of the property can be provided by the Village to use for the location plan.
2. Floor plan of structure showing:
 - a. Electrical panel location including transfer switch location and any other disconnects or equipment. Wiring and conduit types and location.
 - b. Gas line size, type, location of all valves.
3. Manufacturer's specifications including noise levels.
4. Signed letter from the Owner stating the type and number of plantings, and the date by which the plantings will be installed.

This application along with all supporting documentation can be mailed or dropped off to the Village Hall, or a PDF version emailed to admin@villageofbentleyville.com
