Meeting called to order at: 5:00 p.m.

- Discussed procedures to solicit bids for trash contract because Waste Management contract expires 12-31-2020.
- While there are no known complaints with the service provided by Waste Management, we are required to solicit bids.
- The consensus was to utilize the bid specifications previously used without changers, and to request that the Law Director prepare a Resolution authorizing the Village to advertise the bod solicitation.
