Service Directors Report

- The Village is waiting to hear from the Law Director about the warranty for repairs to the cupola.
- The large tree in the park that was cut up after coming down in a storm will be removed and taken to Green Visions to be disposed of properly.
- Roadside clean up in Village right of way areas was discussed. There are many dead trees that must be removed. The Village has contracted with a company to remove these trees. The work should begin in the near future.
- Drains and ditches have been cleaned.
- Restoration of power in the Pavilion has not yet been contracted. The Service Director was asked to get this contracted and the work done. This matter was also discussed in The Safety and Streets meeting.
- Excess soil from a repair to a ditch in front of the Mayors home has been used to restore the River bank in our Park. This area has been eroded in recent months.

Old Business

- The NOPEC Grant application has been completed and submitted.
- The Service Garage lease has not yet been renewed. The Village May need to contact Ryan Zimmerman, the Metropark Director. We will need to find a new location If the Metropark will not renew.

New Business

- The Parks event schedule has been submitted for the Village Newsletter.
- Repair or replacement of the generator was discussed in the Safety and Streets meeting. Estimates are being considered.
- A new sign for the Park is nearing completion.
- The power pole in front of Daffodil Hill is going to moved the week of May 17th. The Illuminating Company plans to place the new pole in the flower bed. The company removed an Apple tree. Soil will also be removed. Both of these item are considered hard scape. It is hoped that the company will reimburse the Village to help restore the plantings.

The meeting was adjourned at 11:19 A.M.
The next meeting will be held on June 7, 2021
