## CONSTRUCTION NOTICE Chagrin River Run Area

This notice is to advise you that the Village of Bentleyville's contractor, Geotech Services, Inc. will be repairing the drainage culvert that runs from Miles Rd to the intersection of North Fork Dr. and Riverview Ct. This project is the second phase of the work necessary for the sinkhole repair and prevent additional sinkholes occurring due to the culvert. The work will begin on Monday April 25<sup>th</sup> and last approximately 3 weeks.

The Contractor will be using one half of the parking area across from Riverview Ct. to store materials. The majority of work will not require large vehicles to be parked in the road. For one day, larger trucks will be parked on North Fork Dr., and one lane will remain open.

The Contractor will be restoring any landscaped areas that are damaged.

Please contact me if you have any questions at (440) 399-0810 or via email to [filarski@cvelimited.com](mailto:filarski@cvelimited.com). Thank you in advance for your cooperation.

Jeffrey J. Filarski, PE  
Village Engineer
