

VILLAGE OF BENTLEYVILLE, OHIO
PARKS, FACILITIES AND BEAUTIFICATION COMMITTEE
Minutes – June 13, 2022

Attendees:

- Kathleen Esposito, Committee Chair
- Ken Kvacek, Committee Member
- Ryan Klemm, Service Director
- Bonnie Borman, Committee Member
- Kathleen Hale, Council President

Service Directors Report:

- The Park is in good condition.
- There is no firewood at the fire pit. The reason for this is that teens have been in the Park at night drinking. Significant numbers of empty beer cans are collected by the Service Department. Graffiti is being sprayed under the bridge. Cameras need to be placed in strategic locations to identify the culprits.
- The cost of cameras is approximately three hundred dollars each. This will be discussed at the Finance meeting.
- The water line in the Park is leaking. It will be replaced by the Service Department.
- Chairs and a table will be moved to the Bocce area.
- Village Hall grounds will be improved. The old mulch will be removed from the beds and weeds removed. New mulch will replace the old and will not be as elevated against the building. The cost of mulch can be as high as \$35 a yard. Ryan will seek the best price he can find.
- The flagpole area will be redone. The area needs to be elevated and in place of the existing flower bed a circle of pavers. The flagpole will have solar lighting.
- The flowers will be moved to the courtyard.
- The upkeep and care of Village Hall grounds averages about nine man hour per week.
- A discussion was held about the placement of the millstone. Most members felt that the Overlook corner would be a good choice.

Old Business:

- Bocce begins and will be played on Tuesday, Wednesday and Thursday evenings.
- Yoga in the Park starts on Tuesday. It will run thru August and be dependent on weather.
- Garage doors for the police garage are still being sought.

New Business:

- Preparations are being made for the Hamlet performance. The Park will be readied three to four days prior to the event. Police officers will direct traffic. There will be a drop off zone, with parking available in the Saint Martin's parking lot, Quarry Rock and Village Hall parking lot. The Jaycees have donated water to be sold and the profits donated to the Shakespeare Company.

The meeting was adjourned at 10:55 A.M.
